

OMEGA SPEAKER SYSTEMS

SUPER 3

(shown in Alpine Gold Pearl 2-tone)

Super 3 Specifications	
Sensitivity	93dB at 8 ohms
Impedance	8 ohms
Driver	Proprietary 4.5" Omega HempCone
Frequency Response	58-20KHz
Dimensions	15" H x 12"W x 7.5"D
Weight	20 pounds each
Power Requirement	as little as 2 watts
Cross-over	None
Warranty	10 year parts and labor for workmanship and defects

Imagine the harmonic integrity. No crossover means seamless music. Perfect for all Tube, and most Solid State amplifiers. The Super 3 uses a proprietary Omega Hemp Cone full-range driver that is built for Omega Speaker Systems. These drivers incorporate a very light cone and very strong motor to produce high sensitivity, speed, transparency, and excellent detail with amazing low-level resolution. The Super 3 is also a perfect point-source and is phase correct. Imaging and soundstage are exceptional. Wide baffle construction improves midrange smoothness and tonality in the critical mid-range and exceptional bass response. The Super 3 is a compact bass reflex speaker so positioning in your listening room is easy. We chose to manufacture bass reflex systems as opposed to bass horns because the bass reflex system has tighter more accurate bass that goes just as low or lower than bass horns. Cabinets are more compact and easier to place as well as lower in cost to manufacture.

Bass reflex cabinets have no horn passage directly behind the driver so damping material can be placed to suppress standing waves and bounce back reflections that cause frequency cancellation and distortion. The Super 3 incorporates the Omega diffuser, special random thrown sponge rubber damping, ladder bracing, and a triple layer semi floating baffle and back.

Cabinet Specifications

- 3/4" softwood MDF are adhered with polyurethane glues and are veneered on all sides including double veneers on front and back
- Ported Single Driver stand/shelf mount
- 2" Precision single port
- R cabling standard
- Terminals: Heavy duty multiway gold plated binding posts
- Composite (Ultralight MDF, Baltic Birch, and Phenolic)
- Available Finishes: Zebrawood, Maccasar Ebony, Mahogany, Black Oak/Cherry 2-tone, Italian Alpine Gold Pearl 2-tone, Italian Alpine Gold, Italian Red Gloss
- Recommended Stand: 2 post/24" Super 3 Skylan stand
